

SureCall Exterior Vehicle Antenna

SC-209W / Exterior Magnet-Mount Vehicle Rooftop Antenna

Stay connected anywhere with this next generation roof-mount magnet antenna that can hold up in the harshest of conditions. This wide band 3.25-inch exterior omni antenna works with all SureCall vehicle cell phone signal boosters. For best results, the antenna should be mounted in an upright position. SC-209W is designed to be roof-mounted on a car, truck, or RV with a SureCall vehicle cell phone signal booster. The antenna is omni-directional and gathers cell signals from all directions and does not need to be pointed towards a cellular tower.

- FME-Female Connector (50 Ohm)
- Wide Band: 3G, 4G LTE & 5G (698 - 2700 MHz)
- 2/3 dBi Gain; Omni-Directional
- Height: 3.25 in; Cable length: 12.5 ft
- Magnet-mount

SureCall Antenna (SC-209W)

SPECIFICATIONS

Model #	SC-209W
Frequency	698-960 / 1700-2700 MHz
Impedance	50 Ohm
Antenna Gain	2/3 dBi
VSWR	<2
Polarization Type	Linear
Radiation Pattern	Omni-directional
Maximum Power	50 W
Connector Type	FME-Female
Height	3.25 in
Diameter	2.0 in
Cable Type / Length	LMR-100 / 12.5 ft
Mount Type	Magnetic
Operating Temperature	-22°F to +149°F
